

SAMR Planning Grid

Redefinition			
<p><i>Tech allows for creation of a new task that would not be possible without the tech.</i></p>	<p>Does the technology create an entirely new task?</p>	App(s) to be used:	What will students do with the app/tech?
Modification			
<p><i>Tech allows for the redesign of a task.</i></p>	<p>Does the technology significantly change the task?</p>	App(s) to be used:	What will students do with the app/tech?
Augmentation			
<p><i>Tech is a direct substitute but adds a bit more function.</i></p>	<p>Will using this app improve the task?</p>	App(s) to be used:	What will students do with the app/tech?
Substitution			
<p><i>Tech acts as a substitute with no change in function.</i></p>	<p>What do students gain by using this technology?</p>	App(s) to be used:	What will students do with the app/tech?
